State Data Center Operations Authority

Government Procurement Initiative

Tender ID: SDC-IT-2026-044

Date: 11 September 2026

NOTICE INVITING TENDER (NIT) / REQUEST FOR PROPOSAL

Project Title: Supply, Installation, and Commissioning of Enterprise Server Infrastructure for State Data Center.

1. INTRODUCTION

The Department of Information Technology (DIT) invites sealed bids from eligible and qualified bidders for the "Supply, Installation, and Commissioning of Enterprise Server Infrastructure for State Data Center." This initiative aims to upgrade the existing data center infrastructure to support the growing demands of e-Governance applications, ensuring high availability, robust security, and scalable computing resources.

2. SCOPE OF WORK

The scope of work for the selected System Integrator (SI) / Bidder shall include, but is not limited to:

- Supply of Enterprise-grade Servers (Rack and Blade configurations) as per the technical specifications outlined in the bidding document.
- Physical installation, mounting, and cabling of the servers within the designated racks at the State Data Center.
- Configuration and commissioning of the server virtualization environment.
- Integration with existing SAN storage and network infrastructure seamlessly.
- Provision of comprehensive warranty, maintenance, and onsite technical support for a period of five (5) years post-commissioning.
- Knowledge transfer and technical training for State Data Center operational staff.

3. ELIGIBILITY CRITERIA

To be eligible to participate in this tender, bidders must meet the following mandatory eligibility criteria. Documentary evidence must be submitted along with the technical bid.

S.No.	Category	Criteria Requirement
1	Legal	

S.No.	Category	Criteria Requirement
		The bidder must possess a valid GST Registration Certificate and PAN Card.
